EISEN, Sol = U. of T. Menorah Society: October 1918 (020)

October 31st, 1918

Mr. Sol Eisen, B.A.,

University of Toronto Menorah Society,

12 Bellevue Avenue, Toronto.

Dear Mr. Eisen:

If the Executive Council of the Menorah Society have unanimously decided that the amendment you suggest should be made to the constitution I should think that the Society would carry it through, though as it is a question largely for those belonging to organisations outside the University of Toronto to say whether they will be willing to join, and I should think you would always have to see to it that those who are graduates of the University control the Society as it bears the name of the University.

Yours sincerely,

President.
